

It's a New Year, and the Recreation Therapy Department is trying something NEW!

We want to make the **Recreation Therapy Calendars** easier to read and follow along with each month, so we are making separate **Recreation Therapy Calendars** for **EACH Long Term Care Neighbourhood!**

Recreation Calendars will now be available on each neighbourhood

Special Events and Highlights pages will still be available throughout the building, as these programs are open for all members of the St. Joseph's community.

Please contact us if you have questions, concerns or feedback on this new initiative!

Thank-you!

Karie Bilger x4294
